Details from your Unitywater Bill

Water Rebate 2023_2024

Form Preview

The information you enter on this page will calculate your Noosa Council Water Rebate. You will then upload an invoice for the rebate.

All the information required on this page is found on your Unitywater Water and Sewage Bill.

Billing period and number of days

This information is on Page 1 of the Unitywater Bill.

Unitywater Bill billing period start date

This information is at the top of Page 1 of your Unitywater Bill, in a blue box. Must be a date after 01/07/2023

Unitywater Bill billing period end date

This information is at the top of Page 1 of your Unitywater Bill, in a blue box. Must be a date before the 30/06/2024

Number of days

Must be a number.
This information is at the top of Page 1 of your Unitywater Bill, in a blue box.

Your Unitywater Water and Sewerage bill is quarterly, however the rebate is for the whole financial year. The calculation uses the number of days the bill covers extrapolated to 365 days.

Lot / Plan / Installation Number

This information is on Page 2 of the Unitywater Bill.

Form Preview

Is the total annualised usage charge:

- Under \$250
- Over \$250 and Under \$1000
- Over \$1000

Meter size

This information is on Page 2 of the Unitywater Bill.

The policy says: 'The maximum annual funding for each organisation will be limited to the minimum water and sewerage access charges (based up to and including 25mm meters) for each land parcel unless there is a legal requirement or ecoBiz/hydrology report that requires the organisation to have larger water or additional meters.'

What size meter(s) do you have?

- 20mm 25mm 32mm 40mm 50mm 65mm 80mm 100mm
 150mm 200mm

Meter size justification

You have a meter which is larger than 25mm. If you wish to receive the higher rebate, as the policy states, you are asked to provide documents to show 'there is a legal requirement or hydrology report that requires your organisation to have a larger water meter or additional meters.'

If you have any questions about this please contact grants@noosa.qld.gov.au.

Upload written verification of your legal requirement or the relevant hydrology report in order to receive your higher water rebate.

Attach a file:

Water Efficiency Plan

Note: Your usage charge is over \$250. In order to receive this higher amount you are required to have an ecoBiz Plan in place. Your organisation should have completed this in 2021/22. Please contact the Grants Officer if unsure: grants@noosa.qld.gov.au

Upload your ecoBiz report here
